COURSE DESCRIPTION:

Strap in, because this session the Egghead Engineering team is hopping in the time machine and going back in ancient history to build huge engineering marvels! Using LEGOs, students will build awesome ancient creations like aqueducts, huge dams, wells, and giant coliseums. Then, we'll test them with the crush test, the weight test, and all of our other tests to make sure they can stand up to the challenge! At the end of the session they'll get their official Ancient Engineer Degree - proving they're ready to build the toughest challenges!

WHAT IS PROFESSOR EGGHEAD SCIENCE ACADEMY?

All sessions of Professor Egghead are **BRAND NEW** and different from the previous session, with all new builds, experiments, take homes, and lessons. Continue the fun each session with a new module! Professor Egghead Science Academy offers the coolest science and engineering programs for girls and boys. **Space is limited and is filled on a first come, first served basis.** Science has never been this cool!™

Professor Egghead Science Academy:

Is a world-renowned children's science academy located in Los Angeles. The institute was named after its founder, Professor Egghead, in 2007. To date, PESA is the only place where children go to earn an Egghead Science Degree. For more information, please visit: Professoregghead.com/LosAngeles
