Principal's Message: Good evening! We extend our heartfelt gratitude to each and every one of you for making STEM Week such an incredible success! From April 15th to April 19th, we witnessed an inspiring showcase of innovation, curiosity, and enthusiasm for science, technology, engineering, and mathematics.

Your active participation, whether through student competition, attending demonstrations, engaging in hands-on activities, or supporting our students, contributed immensely to the event. We are deeply thankful to the UTK to 8th-grade students who showed eagerness to explore the wonders of STEM, the Chatsworth Charter High School STEM Team for sharing their expertise, Two Bit Circus for their thrilling Ultimate Recycling Machine assemblies, and Code Ninjas for leading coding adventures.

Special thanks also go to the dedicated parents for their continuous support, the teachers for their commitment to STEM education, and the community members for their valuable contributions. Together, we created memorable experiences that will inspire a lifelong love for learning and innovation. We look forward to building on this success and continuing to foster a culture of STEM excellence in our school and community. Thank you once again for your support and enthusiasm.
