

Coyote Kids Club

The Coyote Kids Club is the new after-school program at PRCS. The students will be in rooms 31-32. The students will have a structured, supervised program. They will have a healthy snack, homework time, and activity time. They will be grouped by grade level with a ration of approximately 10 to 1. The program will support students in grades TK to 8th grade.

The kindergarten students will be picked up at their classrooms and the first grade students' teachers will make sure they know where to go. The day will be structured in accordance after-school program requirements and grade appropriate activities.

The program will have hours during the off school times. A calendar will follow shortly. There will be arts and crafts and sports as well. The program will also follow "The Leader in Me" program like our school does.

The beyond the Bell division of LAUSD covers many after-school programs. They support Youth Services, Ready, Set Go, and LA's Best. This new program is under their program but is entirely new for the families of PRCS. It will follow all of the school district requirements of safety and procedures.

You can register by filling out the forms and faxing them or emailing them in to the district office. No families will be turned away.

We will still have the Youth Services program (YS) for students in grades 2 to 8th as a cost free option.
