Welcome by Mr. Demirjie. We reviewed the covid measures that were being taken in not just the local level but also but he lauds superintendent. Covid measurers will not be lifted until further notice. Covid measures are now different in the class room when students or staff come down with covid

. If the child is sick then they stay in the class and the whole class is isolated to there classroom only.

If they are vaccinated then there is no need for isolation and they need to just have a covid test to return to school.

If it a sibling then they are tested and if no covid can come back asap if vaccinated.
