Principal Message

Greetings PRCS families! Just as refreshing as the cool October weather is the wonderful work that our students are doing. As I move through classrooms I see our students engaging in discussions, activities that many students do not experience until college. This week our district director and instructional specialist visited us to observe our math program. They left very impressed with the way that our teachers and students use critical thinking and creative thinking to identify patterns, work through complex problems and make claims about rules and big ideas while backing them up with evidence. We had our first Pizza with the Principal and had a wonderful turnout of terrific parents who are excited about the 21st Century direction of our school. We are looking forward to another great week. Please continue to support the school by bringing your child on time, safely across the street each day. Remember kindness toward our wonderful traffic control volunteers.

Go Coyotes!
