

STEM and More

We are currently moving to online STEAM classes, to provide a constructed curriculum to the students while off-campus and trying to keep the students safe in their home environment which will minimize their risk for virus exposure outside of their homes and classrooms.

Any student with a computer, laptop, tablet or phone will be able to download the free app, log in and join the class.

The documents will help them download the app and set it up before we start the online classes.

It should be very simple to install the app (the documents have instructions with pictures as well as an instructional step-by-step video).

If any student faces and issue, they can contact us directly with a designated phone number: 310.714.7616 (share this with the families as well).

Your online class is scheduled for this Friday (3/20)

- **Classrooms Harp + Kang:** 8:30-9:15 p.m.
- **Classrooms Wamsley + Barry:** 9:30-10:15 p.m.
- **Classrooms Rosen + Turcios:** 10:30-11:15
- **Classrooms Varko+Wendorf:** 11:30-12:15 p.m.
- **Classrooms T Kim+Yeghyazarians:** 12:30-1:15 p.m.
- **Classroom Nguyen:** 1:30 - 2:15 p.m.
